Bod harness 'MOMENTUM 4S 2020'

weight 340 gram, colour: Anthracite

The Black Diamond Momentum 4S is a multipurpose all-round climbing harness which offers a high adjustability to match different body sizes. Two speed fastener on the waistbelt and one on each leg make it possible to easily change the size. this makes it possible to wear it all season. The ergonomic design of the waistbelt makes this harness comfortable even during longer sessions.

- Two speed fasteners at the waistbelt and one each on the leg loops give it a max adjustability.
- Wide padded waistbelt with a ergonomic cut and Dual Core Construction™
- 4 material loops
- Adjustable and removable elastic straps at the back
- Available in three sizes: XXS/S; S/M, L/XL
- Attention: the size XXS/S has only 2 material loops on the waist belt because of its limited space
